Nevada City Nugget

VOLUME III, NUMBER 51 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER NOVEMBER 4, 1929

STATE MINERS GET PUBLICITY IN NEWSPAPERS

This week The Nugget presents the views of the Placerville Rpublican anent the value of the new state association to the mining industry at large and how important it is that a large membership be acquired to give it instant standing in legislative halls and make it possible to combat successfully the many obstacles the industry is having to hurdle to get on its feet again:

Keep Up The Good Work

Definite action has been started on the formation of a local chapter of the mining association of California, and there are at present more than 20 members actually signed up in the organization. The drive for members which is to be carried on immediately under direction of the chamber of commerce mines and mining committee deserves your support, whether you are directly interested in mining or not. For upon the improvement of conditions under which mining is carried on and in the stimulation of the industry which is a natural consequence of such an organization as that proposed, every business in Placerville and El Dorado County is bound to benefit.

Just as one man said following the meeting Monday night, "I didn't realize miners of the county were so completely unorganized. They are like a bunch of sheep—running around without anything to tie them together". This man is right. There has been, in the past, a lack of organization in mining not known to any other industry—not only this couty, but in the state and nation as a whole. And to this fact may safely be attributed a large portion of the ills of the "basic industry", as mining is justly called.

Of the fifteen states which have mining on a scale large enough to make the industry an important factor in their development, one—Idaho —maintains an office in Washington, for the sole purpose of keeping a weather eye upon developmnts in the halls of the legislature, and for the purpose of fostering those measures which will benefit the industry. Other states fail to carry on that work, because of shortage of funds, lack of interest, lack of organization among the miners, and for various other reasons of one sort or another.

The same condition of apathy and lack of organization exists all over the west—which is the seat of mining. State organizations, where they exist at all, are usually small in membership; poorly financed; impotent as to influence; secondary in importance to every other industry and interest in the state. No wonder that the miner gets what he gets "in the neck" or the seat of the pants—or gets nothing.

The movement launched at a meeting in Sacramento some time ago for formation of a new statewide mining organization is apparently based on a thorough understanding of the conditions and a determination on the part of leaders to remedy matters. It has every indication of being the proper method of procedure and of offering a solution to the problem. Formation of Chapter No. One of such an organization is thus properly to El Dorado County as a rightful heritage and a privilege by reason of her traditions. If we fail to carry out that organization now that it has been started or if we fail to make full use of the opportunity to better ourselves through organization, we are losing something valuable. And, more, we are keeping ourselves on a plane of development no higher than we deserve by reason of that failure. Opportunity is here; we have but to seize it.

Judging from the number of inquiries reaching this office, the new association is making good headway in creating interest in its intents to help the industry acquire some of its former importance. As soon as the dates are arranged for more meetings in the district covered by the local charpter an intensive membership campaign will be put on to put the chapter on a sound basis. With individual memberships costing but five dollars per year, there is no reasonable excuse for every person connected with mining in any way not belonging. One half of the individual dues are used by the local chapter in its work and one half goes into the state association treasury. Five dollars covers the entire cost of membership and there is no initiation fee. El Dorado Chapter has started off with 23 charter members and Calaveras Chapter with 22 and they are each expecting to run their membership well over the 100 mark. The local chapter started off with almost 50 on its charter list and this is being added to now. Our membership mark has been set at 250 and this can easily be reached if each will do his part.

Membership cards are available from members of the membership committee, and at The Nugget office in Nevada City and the Union office in Grass Valley.

SIERRA HOMESTAKE HAS GOOD OPPORTUNITIES

Henry C. Goering has returned from a business trip to Sierra City. He is interested in the Sierra Homestake mine near there and brought down some beautiful specimens from the property which are on display at The Nugget office.

The ore is highly mineralized and shows gold, silver, copper and molyobdenite in generous quantity. The property is well located on the highway and has valuable water rights. There are four claims in the property iscluding a fine millsite.

CAPITALISTS ARE SEEKING MINING PROPERTY HERE

Hardly a day passes that some intending investor in Nevada county mining properties does not visit The Nugget office to obtain information on certain properties or on the mineral situation in general in this section. Most of them openly say that Nevada City is fortunate to have a central bureau of information available.

Friday morning were two people in representing Oakland capital who are seeking a good prospect that can be developed with a reasonable expenditure and where they are willing to put in the money to thoroughly develop it in a systematic way. This is an excellent opportunity for some of our prospectors to get busy and tie up with a good proposition. Some of our properties are held with the idea that the local owners are to do all the spending of the cash and be superintendent and manager.

The present people in mind will furnish an experienced man to superintend the operations and handle the property. If you think your property will fill the bill, come in and leave your name and description of the property and any samples showing the mineral character of the ore and they will be furnished the inquirers on their arrival here in the next few weeks. The people in question have spent the past four years in other parts of the state and have come to the conclusion that Nevada county offers the best mineral opportunities to them.

The Nugget is happy to be of service to the mining industry in any way it can. Its extensive library of information and maps are available to all inquirers at any time. It furnishes a listing service of all properties available for purchase or bonding and in most cases has samples of the ore.

Mail contracts on the various routes of Nevada City to Downieville, Alleghany, Graniteville and Washington are being advertised for by the government up to next January 14th, to call for service commencing on July 1st next. There was spirited bidding the last time bids were called for. The Downieville route this time calls for bids to Sierra City.

Miss Kate Kinkead attended a conference of chief operators in Sacramento last week.

MUNRO PROPOSES BIG OPERATIONS PLACER MINING ON SAN JUAN RIDGE

One of the biggest forward looking movements toward the resumption of placer mining on the San Juan Ridge in many years is seen in the application made the past few days by Charles H. Munro, eminent mining engineer of San Frascisco and Berkeley, for filings on Bloody Run and six tributaries of the Middle Yuba river in the amount of 232 second feet flow to care for large proposed placer mining operations between Columbia Hill and Birchville.

The applications were filed in the office of Harold Conkling, chief of the state department of water resources and will doubtless be acted on at an early date. Munro in his application stated that he would be ready to commence work August 1st, 1930, and to complete the development by November 1st, 1932.

It has been currently reported that Munro holds options on the Bourne and River Mines interests which also carry valuable dedicated water rights in Bowman Lake available at any time that mining operations are resumed, and many miles of ditches and flumes and reservoir sites. Munro proposes in his present filings to develop certain sources independent of the Lake Bowman supply so that the water being used by the irrigation district to help fill its contract with the Pacific Gas and Electric Company does not enter into the application and doubtless will not cause any protest on the part of the irrigation district toward the application being granted.

In a telephone conversation with The Nugget, Mr. Munro stated that he was not prepared to release any information to the press at the present time regarding his proposed operations and that any mention would be mere conjecture until such time as he issues any authoritative statement. He has been working for the past four years on his project and was associated with George Coffee of the Guggenheim interests prior to Mr. Coffee's death some months since.

Any extended operations on the Ridge would mean the building of restraining dams to hold the debris from such operations, and it is possible that the project may entail the building of the Narrows dam near Smartville, the dream of years. Such a plan could well be coordinated with the state plan of water conservation. With the low water level in the valley section around Marysville and which has been steadily going down since the cessation of mining operations in the early '80ties, the farmers are in a more approachable frame of mind than at any time since 1883. It is reported that the water level has dropped so low in the wells that the ranchers fear the intrusion of salt water which would spell the death knell of their fruit industry. The vote grabbing politicians who have kept alive the anti debris organization for many years are directly responsible for this condition by keeping the water out of the streams where it would maintain a natural level. Their one string fiddle shows signs of disintegration and the emissaries sent to work with the San Juan Water Association of late shows that they are beginning to worry over the lack of water in the Yubas.

The hundreds of millions of dollars still lying in the auriferous gravels of the San Juan Ridge will yet be unloosed into the marts of trade and bring our placer mining inudstry once more into its own. The Munro plan which is a sensible one is the most comprehensive one put forward in a decade to stimulate the industry and it is to be hoped that every influence can be brought to bear to assist Mr. Munro and those associated with him in bringing it into fruition at an early date. The new state mining association will be behind the plan in every way possible.

Munro estimates the cost of the water improvements as being $1,540,000.

OPERATIONS BEGUN AT THE RUBY MINE

Another Sierra county property being opened up is the extensive Ruby mine adjacent to the famous City of Six. The property has just gone under foreclosure to satisfy claims from a former management and was sold to the Alpha Hardware & Supply Company by Sheriff George C. Bynon. The new operators known as the Anglo Pacific company has recently been incorporated and is proposing to undertake large operations.

A crew of sixteen men is already at work cleaning out and retimbering the underground workings with Carl Vivian as superintendent. Electric power has been connected up from the new Alleghany-Downieville line and the workings will be electric lighted above and below ground. New rails are being laid in the tunnel. Logging operations are being prosecutel by a small crew to provide timbers.

Records credit the Ruby property with a past production reaching well into the millions, most of its production coming from a rich gravel channel in years past. The property consists of the patented Guatemala and Guatemala Extension, and Garnet placer patented ground and Rock creek tailings locations. An ancient channel was discovered on the property in 1856 by a shaft sunk on the bank of Rock creek and the channel was worked for a number of years. In 1880 a 2200 foot double compartment tunnel was commenced and two years later the main Ruby channel was struck and eleven years of profitable operations followed. The channel was lost about the center of the property which caused its closure. The pay gravel in the main channel is said to have averaged $3.00 per ton car and the gold was mostly coarse and easily saved. One nugget weighed 201.56 ounces found in the intervolcanic channel. There are said to be a number of rich quartz ledges.

CHAIN GROCETERIA TO OFFER DEMONSTRATION

Next week Tuesday will see an unusually interesting demonstration of better-health foods at the Chain Groceteria store. The expert diet advice will be without charge to all callers at the store that day and those troubled with indigestion or poor health in any form are cordially invited by the management to step in that day and consult Miss Mary Clarke who is to be here representing the Battle Creek Sanitarium of Michigan.

H. Walters of Los Angeles, Pacific Coast representative of the Kellogg Food interests, after a careful survey of the local field, selected the Chain Grocerterias as their Nevada County exclusive representatives for their complete line of health foods. Careful selection was made as to type of store and management and the selection of the Chain Grocerteria system as its Nevada County distributors speaks highly for the service rendered through the local store, managed by Frank Ghidotti.

Mark down Tuesday, November 12th, as a red letter day in your health calendar.

HIGH SCHOOL TEAMS TRIPLE WIN FRIDAY

The high school basketballers, A, B, anl D teams won easily over their opponents at Armory Hall Friday night. The D team took on the grammar school squad into camp 9 to 8 in the curtain raiser. The local B team won handily over the Hessar Pharmacy team from Sacramento 29 to 17 while the A team took the Hessar A's into camp 47 to 28.

Congressman and Mrs. Harry L. Engelbright and Secretary of State Frank C. Jordan were guests of honor at a special celebration staged by the Vallejo Chamber of Commerce last week.

BOREHAM PROPERTY SHOWING GOOD VALUES

Running of the drift on the 200 level at the Boreham property south of town is expected to cut the ore-shoot exposed on the surface, in about fifty feet more of work. In drifting on the ledge two nice ore shoots have been picked up which will later be opened up. The ledge is running two to three feet in width and is well mineralized.

The property is equipped with a two stamp mill for handling ore from the development work, and a concentrating unit. Austin Boreham is superintendent. A. O. Witte of Los Angeles is preident of the Grass Valley Boreham Gold Mines Company operating the property.

YELLOW METALS STAMP MILL TO BE OPERATING

With the installation of a stamp mill, it is expected that milling operations will shortly begin at the Yelow Metals property on the shore of Lake Bowman. A ten stamp mill to be installed, but a five stamp battery is now ready for use and will be put into operations as soon a tuned up. The company will use gas power this winter and had expected to contract for electricity the coming spring but owing to the irrigation district taking down the transmission line wires between Spauling and Bowman and dismantling the line will disrupt this plan.

A complete surface plant has been installed at the property and includes besides the stamp batteries, two concentrating tables, a rock crushed and necessary surface buildings to house the plant. A lower tunnel is being run into the mountain and is now in 250 feet. An upper tunnel 200 feet above is in 80 feet which gives a large amount of backs for stoping.

There are six claims in the property, five of which are patented. The property lies on the shore of Lake Bowman and it is necessary to use boats to reach it owing to the terrain. Two years ago the Sunbeam Divide and Liberty Divide companies of Nevada optioned the property and did some considerable development work but ceased operations for some reason with a large tonnage of ore in sight ready for milling. F. M. Merrilees and Al Keller are operating the property under bond and have their supplies in for a winter run as at that elevation there is a long winter. They are working a crew of eight men.

MINING LOCATIONS ARE PLACED COUNTY RECORD

The following mining locations have been recorded the past week:

Omega No. 4 by William R. Price, T. L. Larsen, Charles Moore, M. L. Moore, Grover Wilson and Louisa A. Larsen in Washington Mining District in Sec. 20 T17N R11E.

The So-and-So Lode claim by C. P. Carlin on South Yuba river mile and half east Purdon brilge.

PIKE FARMER LOSER

Thomas Wayman, resident and farmer of the Pike section, is having difficulty on his property this seaon with the deer actually digging up and consuming a portion of his potato crop. For many years past he has been annoyed with these animals, sometimes they would consume a whole row of tomatoes, vine and all, but never before had they attacked vegetables underground.

It is difficult at the best for these farmers to net much profit from their crops, and to have to stand the loss as caued by these state protected animals is considerable of a hardship.

The Yuba Pass highway between Downieville and Sierra City is to be closed for a period of 12 days commencing today, while a small bridge over Lady Canyon is being replaced.

QUEEN LIL SHAFT UNWATERING IS NOW UNDER WAY

Another proprety being opened upin the rich mineral belt just to the west of Nevada City is the Queen Lil mine where unwatering operations commenced the past week.

There is a shaft on the property sunk several years ago to a depth of 260 feet and it is reported that the development operations produced around $30,000. An ejector has been used for the past few days but with a power line run in to the shaft will make possibe the installation of pumping facilities. A light hoist will be isstalled and a two drill compressor and a compresensive development program laid out as soon as the unwatering has been completed. A 600 foot power line was run Saturlay.

If conditions warrant a mill will be installed and large time operations gotten under way. The property lies on the line of the Champion group, adjoining on the west and is virgin property except for what was done around the shaft. Ample capital will be available for making a thorough survey of the mine.

The property is being operated by a local leasing group known as the Queen Lil lease.

The primary object is to make it possible to get into the Champion ground below water level through a shaft already sunk.

NEW POWER LINE TO SPANISH MINE NOW COMPLETED

Hookup of the new line extension between Alleghany and the Spanish Mines group is expected to be completed the first part of this week and the new line should be ready for operation by Wednesday at the latest. The Pacific Gas and Electric Company has made rapid progress of setting the poles and stringing the wires across some rough terrain to make the connection.

The coming of electric power to the Spanish group means large time operations at this property which is owned and managed by Fred W. Bradley, one of the most successful mining men in the world industry. Nevada county is fortunate to have a company of its magnitude and standing operating here and it was directly due to Mr. Bradley's interest that the construction of the power line was made possible at this time.

The line will also serve the German Bar and Twin Sister properties, both of whom have been sadly handicapped in the past by inadequate power facilities in getting onto an operating basis. A number of other properties are planning on making use of the new power facilities and a renewed activity in the East Belt country is confidently looked for in the next few years

CLERKIN COW ADOPTS FAWN FOR BRINGING UP

PIKE, Nov. 1st—Wm. P. Clerkin, cattleman of the Pike City section, has fared better than most cattlemen in the fall round up. Much to his surprise a few days ago, when gathering in his stock at American Hill, he discovered that one old good natured cow, instead of bringing in one of her own kind, proudly presented a young fawn. The little animal trotted along like a calf and when meal time came, it nursed the adopted mother cow. It has a few scars which might be evidence of some skirmish it and the mother had been in; possibly the mother was the victim of a forest fire or lion. Evidently the old cow intends to keep her foster child, and they apparently intend to remain together.

Postmaster Phil Cursow of North Columbia was a business visitor in Nevada City the latter part of the week.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Nov. 2, (Special to The Nugget)— Well, October is past until next year. Hallowe'en was very quiet and orderly in our town. No need of publishing warning here. Altho our young folks have in the past engaged in mischevious pranks, we have never known of their carrying their fun so far as to injure or destroy any one's property. There was never viciousness in their pranks.

The much needed rain still holds off. We hoped that the north wind of the early week might blow up a rain storm but all signs fail. Everythings is so dry and dusty and a wind storm at this time is anything but agreeable.

Forest fires add to our discomfort, for aside from the anxiety of mind which they cause the smoky atmosphere is so unpleasant.

Saturday a fire broke out near San Juan and a call for help was phoned to this place. Deputy Warden Browning assembled all the men he could find and was soon on the blazing scene. Help came from Nevada City and it was a long hard fight. When just about to return from San Juan Sunday forenoon he received word that a fire had broken out near Birchville. More help was summoned from Nevada City and the fire was under control in a few hours.

Last night word was phoned in that the fire had broken out again near San Juan. Witheverything so dry and scarcity of water, those messages have a dreadful meaning.

Mr. and Mrs. J. W. Culver made a trip to Nevada City and Grass Valley Friday.

Mr. and Mrs. W. E. Moulton went to North Bloomfield Friday afternoon. Their daughter, Louise, returned with them to spend the week's end at home.

Clyde Browning made a trip to Milton Friday from which place he is engaged in hauling lumber.

M. G. Morrison of Sweetland was a Friday visitor. Mr. Morrison is a new comer from Sacramento. His wife is a relative of Mrs. F. S. Wood of Sweetland. After visiting with her this summer they decided to return and have rented the Proom property in Sweetland and will spend some time on the Ridge.

Messrs. Clark, Hardenbrook, Bishop and McMinn were engaged in fighting fire in San Juan Saturday.

Thos. Coan of "Uncle Tom's Cabin" was a Saturday visitor. On his return trip he was accompanied by Mr. and Mrs. R. Dahlberg and children. Mr. Dahlberg has been suffering for some time with an infected arm.

Rev. P. O'Reilly held services in the Catholic church at Birchville Sunday. He was accompanied by Clement Organ of Nevada City.

The Sunday School at French Corral which was closed during the summer, is again being continued under the management of Miss Barbara McMinn.

Mr. and Mrs. Benton Wilcoxson and son, Bennie, were Sunday visitors with Mr. Wilcoxson's mother, Mrs. J. W. Culver of French Corral.

John Frye of San Francisco has taken up his residence in French Corral. He was accompanied by his friend, Mr. J. Cook, who since has returned to San Francico.

A. Browning and family made a trip to Nevada City Thursday evening, and will return today.

Clyde Browning, Richard and Mabel Hardenbrook, Mrs. E. Sutherland and children, Miss Barbara, Dean, and Richard, formed a party who went to Grass Valley last evening to attend some amusement.

Cattle are being moved to the foothills. Staples Bros. passed through with their herd Tuesday, and Wm. Walsh passed through with a herd Wednesday.

Our nights are quite cold, the temperature ranging between 30° and 34° for the past week.

Mr. and Mrs. Thomas Bardbury of Alleghany were recent Nevada City visitors.

Walter Hegarty who was operated upon recently for acute appendicitis, by Dr. Tickell, has returned to his home.

Mr. and Mrs. R. J. Bennetts visited around the bay region for a couple of weeks.

PHARMACY PLAYS

Nevada City High's A team was to start its season in basketball, Wedneday, October 30, in the Grass Valley Community League but instead they started their season with Hesser's Pharmacy last Friday night, November 1.

CIVICS CLUB LUNCHEON

The luncheon which was given by the Freshman Civics Club on Wednesday, October 30, was a big success. At noon the majority of the tudents stayed at school to partake of the food prepared by the Freshies. All agreed that the luncheon was one of the best that has been given and that they enjoyed it greatly.

The money which was raised, twenty-three dollars in all, is to be used for a student trophy that is to be awarded to the most worthy student.

The Freshmen wish to thank the Student Body for their patronage.

THE FOUR SEASONS

By Eleanor Schreiber

The days are warm, in summer time.
Nature has painted her picture
Again, after Spring decline
Her colors get richer asd richer.

When Autumn comes, flowers are rare,
Nature changes her picture,
Which seaves all the trees bare.
Nature's colors are not richer.

Winter is a season of storm
While the wind whistles through the trees
The whole world looks folron
And the sky like furious seas.

Spring is the best time of the year;
Soft fresh breezes sigh;
The leaves on trees appear
And sunhine is always nigh.

HOW MANY PEOPLE LIKE GOOD LITERATURE?

By Helen McCullough

In considering this question we first need a thorough understanding of what good literature really is. Any reading material referred to practically every day or any that is uplifting and instructive to the moral and spiritual life of a person can be classed as gool literature.

Most of this literature can be obtained either through the county free library or the local city library. Such literature as Shakespeare's plays, stories, by Dickens, Milton, Scott, Hugo, Elliott, Stevenson and other European authors and stories by Hawthorne, Poe, Irving, Emerson, Thoreau and other American authors should be in the memory, and some scenes from them in command ,of every well educated person of today.

This does not mean that these are the only good authors but they are generally considered among the best authors of our literature.

Many people read practically nothing but novels of love and romance. Why? Because they do not place their minds fully upon what they are reading and most good literature has an underlying thread or moral which cannot be received except by concentration.

FIRE—OUR ENEMY!

By Catherine Davis

Fire is man's worst enemy! It destroys our homes, our forests, our animals, and even our lives. It comes at all times,—in the darkness of night, in the light of day. We are never free from this menace. Fire destroys everything beautiful, yet it is allowed to destroy more and more every year.

A little teeny voice says, "Nothing can be done, so don't get gray hair worrying over such an uncontrollable thing." A big loud voice says, "Fire can be prevented by man being more careful. Banish carelessness and then watch the number of fires grow less, just as a result of fire".

Statistics show that the majority of fires are caused by carelessness. So let's do our part by being careful and by impressing upon others the necessity of doing the same.

JUNIOR RINGS

The Junior rings and pins arrived on Tuesday, October 22, 1929. These rings and pins hal been ordered several weeks ago, but just arrived last Tuesday. They are yellow gold with a black onyx top. They have Nevada City High School and Class of 1831 written on them. The Juniors are all very proud of their rings and pins, which they have waited two long years to get.

PEP SESSION

Last Tueslay afternoon a pep session was held by the student body under the direction of Carl Murchie and Vernon Sandow, the yell leaders at the game Friday night. This gave the freshmen a chance to learn the yells for the game and it is hoped that they will put a lot of "pep" into their rooting.

SENIOR MEETING

A senior meeting was held last Friday, October 25, in Miss Main's room to discuss the dedication of the Quill.

It was decided that the Quill should be dedicated to our present senior class advisor, Mr. Kjorlie. Miss Ruth Peterson, the former clas adviser, is to receive honorable mention and her picture will also be printed in the book.

Mrs. Thomas Trenberth of Browns Valley spent a few days in Grass Valley.

FACULTY ENTERTAINED

Mr. and Mrs. H. E. Kjorlie were hosts at a delightful dinner and bridge party given in honor of a number of their friends at their home on Piety Hill, on Friday evening, October 18th. The guests present consisted of Mr. and Mrs. B. F. Wilson, Miss Main, Miss Leschinsky, Miss Whalen, Mrs. Ruth Hulen, Miss O'Neill, and Mr. Pedersen,—all of the Nevada City High School faculty; and Mr. W. A. Carlson, and Miss Janes of the Washington Grammar School.

After a most enjoyable and elaborate dinner, bridge was played. and winner's prizes were awarded to Mrs. Hulen, and Mr. Carlson. The guests were unanimous in pronouncing Mr. and Mrs. Kjorlie to be the most charming and hospitable of hosts.

USE OF CURRENT EVENTS

The new projector and reels provided by the Board of Education, has had other uses besides that of the history and civics classes of the high school. Monday evening, October 28, Mr. Kjorlie took the projector and reels down to the Elks building and gave the Woman's Civic Improvement Club a treat by showing them the latest current events. The ladies all enjoyed this opportunity and we are all glad that it was possible for our school to do something for them, since they have helped the school in providing better equipment.

SUMMER

By Hudson Gray

Summer is the best of seasons,
I choose this season for many reasons.
No more lessons, no more school,
We just go swimming in the cool old pool.

Summer is the best of seasons,
I choose this season for many reasons.
No more spelling, and for our gym,
We just get a nice cool swim.

Summer is the best of seasons,
I choose this season for many reasons,
I don't like winter, I don't like fall,
Summer's just the best of all.

MOUNTAINS

By Carl Baker

There are mountains all around us,
There are mountains every where,
But yet there are no mountains
Like the mountain over there.

There are mountains in the north,
There are mountains in the south,
Yet there are no mountains
Like the mountains over there.

For the mountains over there
For the mountains over there
Are the mountains we love so dear,
With their blue and gold about them
And the fresh and cooling air.

TYPING STUDENTS

Kathryn Greenaway, a postgraduate, made the Honor Roll in typing for speed. She typed 57 words in a minute.

Margaret Thomas also made the Honor Roll for accuracy. She made only one error in typing for a minute.

RECEIVED UNIFORMS

On Monday, October 28, Coach Pedersen gave the A, B, and C teams their basketball suits. These suits were uesd for the first game which took place on Friday, November 1. There was much discussion on the fitting of them but after some exchanging all the boys were satisfied with their uniforms.

M. Henry Argall and J. E. Gooding attended the Rotary meeting at Auburn last week.

Mr. and Mrs. Albert Lucielli have moved to Blaine, Washington, to make their future home.

Fred Joubert of Camptonville was a business visitor in Nevada City the latter part of the week.

Mrs. Mary Rossen visited her daughter, Miss Mary, for a few weeks in Oakland.

Mrs. S. Lee Leiter spent a short time visiting in San Francisco.

YELL COMMITTEE REPORTS

Last Tuesday, at the student body meeting, President Holden Pierce and a committee were appointed to assemble the old yells and investigate the new yells and songs, which various members turned in. They have prepared a mimeographed sheet of the chosen yells and songs, which will be circulated among the "rooters" at the game. This has been done in order that all the rooters will know the yells and that there will be a peppy rooting section.

Miss Mary Meservey, chief clerk in the Nevada City post office, is home from a vacation spent around the bag region and Los Angeles.

SENIOR PLAY STARTS

The preliminaries for the Senior Play began on Monday, October 28, when many students from all classes tried out for the different parts which suited them. Mr. Kjorlie and Mrs. Hulen are the mmbers of th faculty who will select the characters for the cast of the "Birds' Christmas Carol". The cast will be announced next week.

The week following, play practice begins in earnest. The date set for the presentation of this play is Thurday night, December 12, 1929. The seniors feel sure that this will be a great success.

Grover Wilson of Omega visited here last week with friends.

FREE, NEW VICTOR RECORDS FOR OLD

For two weeks, until November 9th, we will alow you ten cents credit for evry Victor Record you bring to our store. We will accept ALL your old Victor Records regardless of age, size or type. We will give you new Victor Records—any selection you choose—in exchange for your old ones. With your old records, therefore, you can build up a credit with us that will pay or a new selecion of Victor Records of your choice, without the expendiure of a penny on your part.

The ONLY Conditions Are These—All records reurned must be Victor Records; All records must be unbroken; All records must be defaced by a large X scratched across the label. That's all.

Mr. and Mrs. Hartley S. Lord and children of Berkeley attended the funeral of his mother the late Mrs. A. S. Lord. His father, A. S. Lord accompanied them home to a visit.

Steve Mattioda of North Bloomfield attended to business in Nevada City recently.

Mrs. Joseph Day of Gold Flat has had as visitors her parents, Mr. and Mrs. W. H. Pascoe of Fresno.

Charles Avery came down from the Eagle Bird mine for a short visit.

Mrs C. B. O'Connor isvisiting relatives at Murpheys.

Mrs. Karl Kopp and daughter, Mrs. Joseph Cerceto left San Francisco last Monday by steamer for a visit with relatives in Durango, Mexico.

Mr. and Mrs. W. A. Simpkins of San Francisco are visiting here.

The building adjoining the Jackson grocery on the west is being fitted up for occupancy by Mrs. E. H. DeWein for her millinery store which has formerly been located in the Richards building.

Mrs. J. A. Kinney of Camptonville visited her sister, Mrs. George Sandow in Nevada City recently. She was on her was to San Francisco

GRASS VALLEY CHAMBER ELECTS NEW OFFICERS

Eight new directors fos the Grass Valley Chamber of Commerce were elected last week as follows: J. E. Gooding, R. W. Parsons, W. Thomas, Frank Rowe, E. K. Smart, W. J. Daley, E. R B.urtner, and W. H. Freeman. Mr. Smart was returned as president and Dan C. Stewart succeeds W. H. Freeman as vice president. The rsignatios of E. O. Chapel was reluctantly accepted. Harold W. Hartung was selected temporary secretary pending election of a new one.

Keeping two boost organizations alive the past year in addition to two servile clubs has affected the effevtiveness of the chamber activities to a considerable degree and it has been hinted that there would be an amalgamation of the promotion board and the chamber in the near future, except for the fact that the promotion board has been seeking funds for its work in Nevada City and open amalgamation would defeat that purpose. Several of the new directors are closely affiliated with the personnel of the promotion board and this has given rise to the report of the amalgamation.

The many friends of Carl Schwartz will be pleased to learn that he is recovering from a severe cold.

Mr. and Mrs. S. F. Breese have as guests their daughter and husband, Mr. and Mrs. William Ray of San Francisco.

The Will Grodens of Lodi were recent guests of the George and Joseph Day families. Mrs. Groden is a sister of the Day brothers.

Mrs. George Hitchens, delegate to Grand Chapter of the Eastern Star at Coronado, has returned home. The other delegate, Miss M. Meservey, is visiting relatives in Oakland.

Rev. and Mrs. H. H. Buckner have as a visitor his mother, Mrs. A. C. Buckner of Oakland.

CHEROKEE PROSPERS

CHEROKEE, Nov. 2, (Special to The Nugget)— Mrs. Carl Scheemer and son, Chester, Mrs. C. Grimes and Mrs. Martin of Nevada City were visiting friends here Sunday.

Mrs. Gordon Kessler and baby daughter and son, Everett, were visitors here Wednesday.

Mr. and Mrs. E. Frost of the Siberia mine were business visitors in Nevada City Thursday.

Mrs. M. Campbell and daughter, Mary Joan, Will Coughlin and Rev. Father Scott of Columbia Hill were visitors in Nevada City Wednesday.

G. Erway and daughter, Lorain, and grandson, James, were visitors in Nevada City Wednesday.

Miss Alice Day of the Salmon mine is suffering with a bad case of smallpox.

Most all our school children in the Cherokee school have been vaccinated, and school is closed this week.

James Phelan and mother and Clara and Jack Phelan, were visitors in Nevala City Saturday.

Will Coughlis of Columbia Hill has gone to Marysville on a business trip.

William Buck and brother, Victor, passed through here going to Lincoln.

Laurence Calanan is getting his cattle out of the mountains.

Mrs. James Phelan and mother are visitors in Nevada City this week.

Sam McCullough and Mr. Harris were ligging potatoes for K. J. Phelan.

Our Supervisor Joe Frank was a visitor here Sunday.

aapxoByBO Cctoxfiiotid.s

Ralph Carpenter of North San Juan was in Nevada City last week being a party in the action of Wood vs. Carpenter.

Mrs. F. F. Cassidy and Mr. and Mrs. C. W. Leiter went to Oakland last week. They attended the Stanford-U. S. C. football game.

In Union There Is Strength

At Sacramento on September 4, there was a meeting designed to form a state mining association.

This had as its purpose, the support of legislation intended to better conditions in the pioneer industry.

Miners of gold, copper, non-metallics, structural and industrial materials were askel to attend. Problems pertaining to many phases of the industry were discussed.

We do not see in the organization of a state mining association a panacea for the miner's many afflictions, but it would appear that every miner should support the meeting, since there is no denying that conditions in the industry could stand much improvements.

And if the proposed state mining association can bring about the improvements, or will try to bring them about, then that organization merits the support ofall miners and all friends of the industry.—Calaveras Prospect.

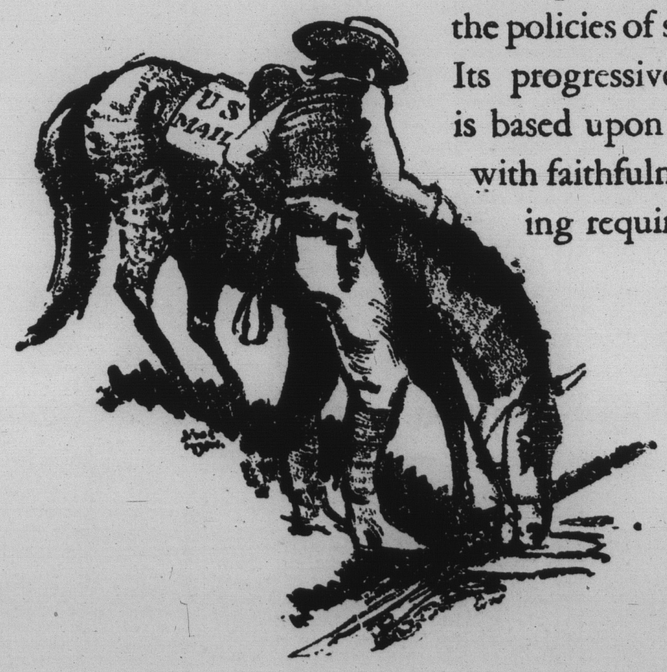
Integrity...

AMID the chaos of the Civil War and its aftermath, pioneer bankers of California laid the foundation of our State's strong financial structure. The safeguards of close regulation and supervision were yet to be established. Personal integrity was the bedrock upon which they built.

Into the history of the Bank of America, extending to 1860, are woven these pioneer ideals of honor and integrity As California's largest State bank it is a custodian of these traditions.

The Bank of America meets the tests of integrity by the calibre of its daily transactions—by uncompromising fidelity to the policies of sound banking. Its progressive development is based upon the ability to meet, with faithfulness and integrity, the banking requirements of an exacting age.



The men of the Pony Express, riding alone, braving every danger, faithful to their trust, are worthy symbols of integrity that knows no compromise.

THE NUGGET PAGE OF MINING NEWS

SISKIYOU COUNTY

New gravel operations have commenced on the Klamath river by H. C. Benson and H. K. Coffey of Portland, just below the mouth of Humbug creek. The firm has 19 acres of virgin ground that pospects well and has installed new equipment on th eproperty.

George A. Milne of Etna has commenced action against Alice E. Boreham as administratrix of the estate of Benjamin Borcham, claiming that certain funds in the estate were for the purchase of the Goldn Eagle mine near Fort Jones. Milne claims that New York capitalistes advanced over $2500 for the purchase of the property and that the administratrix has taken possession of the money.

MARIPOSA COUNTY

An oil flotation process has been installed at the Butte Boys Consolidated property near Bagby and is proving successful on h[illegible] ore which contains tetrahydrite. A Door thickener will be installed ahead of the flotation unit: Geo[illegible] W. Bever is president.

A drift is being run through old workings on the Golden Gate and Reagan claims of the Austin group in the Whitlock district. A compressor is being installed. O. J. Smith is superintendnet.

The Mariposa Gazette reports 203 mining locations made during the year and 150 proofs of labor filed in that county.

Rodney Marchant of Oakland is spending a short time in Grass Valley in regard to the reunion of the class of 1869 of the local high school. The reunion is to take place in Oakland during November.

EL DORADO COUNTY

Development work at the Old Rising Hope mine on Texas Hill is showing up consistent values in auriferous gravel. Electric haulage is used in the lower 3000 foot tunnel, running two five-car trains per hour to the mill at the adit. Chutes connect with the upper tunnel 85 feet above. Georg R. Clark is superintendent. J. W. Orr and Thomas J. Dillon of Sacramento hold a bond and lease.

CALAVERAS COUNTY

A tunnel is being run on the Thomas MsArdle mine near Mc[illegible]ones It was formerly a pocket property. The tunnel will be run 350 feet and crosscuts run to tap ledges exposed on the surface. The mine is being operated by the Ord Belt Mining Company.

a [illegible]property oKelly ce

AMADOR COUNTY

Development work is being prosecuted at the St. Julian mine in the Middle Bar district. The property is a former producer and is owned by the Anthony Caminetti family. Anthony Caminetti, Jr., of San Francisco is in charge of operations.

Mr. and Mrs. Clarence Grenfell spent a week visiting in San Francisco recently.

Mrs. Ralph Brown of Downieville spent a short time in Grass Valley one day last week.

Thomas Casey and Fred Schwartz of the Penn Valley Hall association, were in Grass Valley during the week.

Mrs. J. C.Tyrrell was a recent Sacramento visitor.

Mrs. Vera Ingram and children visited relatives in Turlock.

GREEN HEADS CHAPTER MINING ASROCIATION

El Dorado Chapter of the Mining Association of California has come into beisg at Placerville with a membership of over twenty members with a hundred more promised. E. Green has been chosen as chairman with L. J. Jackson, secretary of the Chamber of Commerce as secretary.

W. F. Gormley of Sacramento and R. L. Kimmel of the state association were present to explain the aims and intents of the state wide movement to organize the mineral industry and the meeting was an nthusiastic one. It will hold meetings once a month.

Another chapter was organized at San Andreas with a charter list of 22 members. A chapter is to be organizel at Mariposa on Saturday of this week and Amador and Tuolumne counties will later be covered.

The local chapter is expecting to hold meetings in Downieville and Auburn on call of the chairman.

First Publication, October 7th, 1929.

LEGAL NOTICE

SUMMONS

In the Superior Court of the State of California, in and for the County of Nevada.

MARY E. CALKINS, Plaintiff,

vs.

R. W. GREENAWAY, also known as R. GREENAWAY; SARAH JANE JOHNS; WILLIAM HENRY WILLIAMS; GEORGE WASHINGTON WILLIAMS; H. H. NOBLE; L. B. SHEPARD; M. C. EMERSON JOHN A. HITCHENS; JOHN J. CAMPBELL and MARY C. CAMPBELL, his wife, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

You and each of you are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for County of Nevada, within ten (10) days after the service upon you of this summons, if served within this County, or thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment against you for any money or damage demanded in the Complaint as arising upon contract or she will apply to the Court for any other relief demanded in the Complaint.

The said action is brought by the above mentioned Plaintiff against the above named defendants, and each of them, to quiet Plaintiff's title to the land and real property described in the Complaint on file in the said action and hereinafter particularly described and to determine the adverse claims of the above named defendants, and each of them, and of all unknown persons to, and clouds upon the title to the said real property and the whole thereof pursuant to the provisions of Sections 749, 750 and 751 of the Code of Civil Procedure of the State of California, and that said real property is situate, lying and being in the City of Nevada, County of Nevada, State of California, and described as follows to-wit:

All that portion of Lots Two (2) and Three (3) in Block Forty Three (43) as designated upon the official map of said Nevada City, known as the Old "Half Mile" property and more particularly described as follows:

Commencing at a point on the West line of Sacramento Street in said City of Nevada, from which point the Southwest corner of the said City of Nevada, bears South 19° 58' West 224.78 feet; South 0° 52' West 100 feet; South 9° 53' West 387.59 feet to a granite monument and South 87° 44' West 707.05 feet, and which point of commencement is on the North line of a roadway running easterly and westerly through said Lot of Block 43; thence along the West line of said Sacramento Street North 24° 13' East 263.31 feet; North 20° 29' East 218.6 feet to the southerly line of Hitchens lot; thence along the Southerly lines of Hitchens and Campbell lot North 60° 10' West 122.81 feet; North 60° 31' West 132.57 feet; North 70° 26' West 57.64 feet; North 77° 08' West 39.63 feet; thence along the line of Greenaway property, formerly the old Slaughter House property, South 18° 59' West 127 feet; South 49° 31' East 64.29 feet; South 16° 24' West 373 feet to the North line of road, and thence along the North line of said road, South 71° 15' East 202.46 feet to the place of beginning.

The object of said action is to obtain the judgment of the Court against said defendants and each one of them, known and unknown as follows:

That all adverse claims to, and all clouds upon the title of plaintiff to said real property or any and every part thereof be determined by the judgment and decree of said Court, and that it be decreed that plaintiff is the sole owner in fee of said real property and the whole of said real property hereinbefore described being the same real property described in the Complaint of Plaintiff on file herein and that plaintiff is in possession of the property and entitled to the possession of the said real property and the whole thereof, and that the defendants have not, and that none of said defendants, including unknown persons made defendants herein, have any right, title, estate lien or interest of any kind whatsoever, in or to or on the said real property or any part thereof, and that said defendants and each and every one of them, known and unknown be forever debarred, enjoined and restrained from making or asserting any claim whatsoever in or to said real property, or any part thereof, adverse to plaintiff and that the title of said plaintiff in and to said real property and the whole thereof be forever quieted and adjudged good and valid and for such other and further additional order, judgment, decree and general relief as is meet and proper in the premises and for costs of suit.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Nevada, this 2nd day of October, 1929.

GEORGE COUGHLAN,

Clerk of the Said Superior Court.

(Seal)

First Publication October 28, 1929.

GHIDOTTIS AND MOBLEYS LEAD BOWLING TOURNEY

Too much new pins, was the general complaint from the bowling fraternity as the first week of the second tournament on the Elks alleys rolled along. From the appearance of things the Ghidotti team looks to cop the bunting if it keeps up its present gait. The Mobleys got in two series for the week at it was only possible to rustle five teams for the fray, and won only as many points in the two as the Ghidottis did in one.

The brand new pins raised havoc with the boys who don't put the ball in the exact spot to mow them down and the first night saw but few strikes made. Mobley is up to his old tricks in getting off to an early start and his week's average puts him well out in front of the field although Fortier is leading him a close second. Dick Goyne by some good general shooting steps into third place while Southpaw Hoge holds down fourth.

A quintuple or five in a row was pulled off by Mobley which is the best string so far this year. Nickless climb into the select class with a triple apiece. Rollin Wright stepped into the lead in the doubles class with three of the double shoters, one each game.

MOBLEY

The schedule this week is as follows:

Round 2

Monday, November 4—Ghidotti vs. Fortier.

Wednesday, November 6,—Mobley vs. Bigelow.

Thursday, November 7,—Ghidotti vs. Carr.

Hallowe'en passed off quietly enough. Chief of police Shearer kept the festivities well in hand and a little attempted roughness was soon squelched. Marking of windows in the business section was followed out as usual except where thoughtful ones used glycerine in advance.

J. K. Williams injured his foot while at work in the Hoge shaft and was confined to his home for a few days.

Mrs. Ella M. Austin, county superintendent of schools, and Miss Emily Davis,, county health nurse, visited the Union Hill and Mariposa schools last week.

HORSESHOE PITCHERS TO BE UNDER WAY TUESDAY

The first tournament of the winter season for the rubber spheroid tossers will get under way tomorrow night when Court Garfield tangles with Oustomah lodge on the Odd Fellow court. The Native Sons take on the Corte Christoforo Colombo the following night and the season will formally be on.

A shorter schedule will be followed this year but practically the same rules will prevail as did last year.

FIRST BASKETBALL WAS PLAYED ON THURSDAY

The first basketball game of the season was played Thursday night at Armory Hall with the Fischer Electrics taking the measure of the Boston Ravine Colts, 23 to 20. The game was cleanly played throughout.

Sargent Huson, Noble McCormack, Robert and Donald Steger, John Marshall, Fred Hing, Harry Evans, Jake Zanocco, Max Solaro, Ernest Brisebill and Howard Keene comprise the local squad.

Charles Wilcox, local highway worker, was arrested on the charge of possession of intoxicating liquor and paid a $500 fine in Judge Mobley's court.

Court calendar day was postponed from last Friday and will be held on Friday of this week.

William Fowler of Sacramento and Paul M. Doyle of Dixon, were Nevada City visitors. They are former business men of Truckee.

James Coughlan of Columbia Hill transacted business in Nevada City during last week.

Cameron Larsen is able to be about again after a two week's ill-

LINCOLN CARRIES OFF THE GOLFING HONORS

The Lincoln golfers took the match on the local course by a wide margin last Sunday, 32 to 20. The Lincoln divot choppers are expert tourney artists getting much competition to keep them on their toes, while the reverse is true for the local followers of the sport.

There is a splendid opportunity for some of the business men to put up cups for medal and match play but none have yet come forward. More competition is needed or the locals will come where they did last year in the foothill league.

Hotel de Carter is quite full just now with a bunch of federal prisoners taken in recent raids at Truckee, mostly barkeeps serving from one to three months. The government pays thir board bill.

Mr. and Mrs. Charles Eden have had as visitors their son and wife, Mr. and Mrs. Stephen Eden of Lake county.

Mrs. Henry Lobner and daughter, Lorene, of Colfax visited friends in Nevada City during the week.

THE SOCIAL WHIRL

BRIDGE TOURNAMENT IS STARTING AUSPICIOUSLY

The bridge tourney being sponsored by the Elks started off auspiciously on Tuesday night and some good scores were rolled up, while others fared in the also-ran division. Mrs. Richard Bigelow and William V. Tamblyn ran a neck and neck race for topnotch honors, with 2438 and 2722 respectively for the five tables' play, and were awarded prizes. Fourteen tables of players participated.

The second week's play will resume tomorrow night promptly at eight and the committee announces that everyone not on hand at that hour will be fined 100 points from their score.

Buffet refreshments were served at the conclusion of the evening play in the banquet hall to which ample justice was paid.

The following are the scores made:

Mrs. Retta Curnow 1425, May Goyne 2282, M. H. Dickerman, 1937, Mrs. P. G. Scadden 1369, Celia Huy 1283, Miss Mulcy 1099, Mrs. B. Cassidy 1359, Mr. G. M. Bettles 1020, Mrs. O. Schiffner 1546, Mrs. A. Hartung 1032, Lola Worth 1453, Miss G. Goyne 1603, Ida Uren 1102, Mae Carr 1794, Bernice Clemo 1120, Ethel McCormack 956, Mrs. Chas. Leiter 1334, Mrs. E. W. Schmidt 872, Adell Calanan 1486, Savory Ford 2070, Mrs. Ford 826, Dorothy Waggoner 1245, Mrs. M. Warnicke 1236, Mary tewart 1450, Camille Bennett 1266, May Curnow 1534, Mrs. E. J. N. Ott 1042, Mrs. F. Hogan 1039, Ruth Hogan 1581, Mrs. F. T. Nilon 1401, Mrs. Richard Bigelow 2438. Mrs. W. E. Wright 2145, Mrs. J. H. Eden 549.

P. G. Scadden 1484, Joe E. Huy 1542, Walter Bond 1107, Fred Cassidy 1711, G. M. Bettles 734, Geo. Carter 621, Otto Schiffner 1450, A. Hartung 989, Dan Stewart 991, Francis Hogan 1239, Arthur Hoge 1336, P. V. Carr 1412, Richard L. Bigelow 1453, W. E. Wright 1290, A. A. Willoughby 937, T. W. Richards 321, J. H. Eden 1189, H. A. Curnow 1912, John J. Fortier 1873, E. W. Schmidt 976, Wm. Tamblyn 2722, George H. Calanan 1581, E. Kilroy 1522.

RALPH PENROSE WEDS MISS VICTORIA BARDEN

Mr. Ralph Penrose of this city was quietly wed Thursday at the Methodist parsonage to Miss Victoria Barden of Sacramento. The ceremony was witnessed by Mrs. Carl Larsen and Dal Larsen, sister and nephew of the bride. The ceremosy was performed by the Rev. H. H. Buckner. The groom is a native of North Bloomfield and has a wide circle of friends in this community where he has spent his life. The young couple will make their home here.

The Gold Flat Thursday Club had a most pleasant meeting at the home of Mr. and Mrs. Charles Thomas on Silva avenue last Thursday and they will meet next Thursday at the home of Mrs. W. S. Coughlan.

Miss Marie Paine spent two weeks in San Francisco and Los Angeles visiting with relatives.

PERSONAL MENTION

District Attorney H. B. Neville of Downieville was a recent Oakland visitor.

C.E. Sisson has been suffering from a very severe case of blood poisoning.

Hugh Clendenen, lookout in the high Sierra for the forest service, has returned home.

Traffic Officer William Fouyer from the east end of the county, visited his family in Nevada City.

Leroy A. Palmer, who is connected with the land department of the United States was here on business.

Mrs. May Janes who is in a Woodland hospital is reported as improving.

Robert Davies of Forest attended to business in Nevada City during last week.

Mr. and Mrs. W. H. Pascoe of Fresno spent a few days visiting their daughter and son-in-law, Mr. and Mrs. Joe Day, Jr., of Gold Flat.

MISS JOSEPHINE GENASCI GIVEN SURPRISE PARTY

Miss Josephine Genasci was tendered a surprise party by her court house friends Thursday evening at her Willow Valley home. The company gathered while she was detained in town by members of the family who were in on the secret. A chicken and raviola dinner was served early in the evening followel by cards, games and dancing.

GUEST OF HONOR

Mrs. Ella M. Austin, County Superintendent of Schools, was the guest of honor at the Hallowe'en entertainment given at the Indian Springs school Thursday afternoon.

HOOPER BUYS INTEREST

Alvah Hooper has purchased the interest of Frank Hooper in the Holmes-Hooper Funeral Home according to announcement made by A. M. Holmes, senior member of the firm. Mr. Hooper was formerly connected with the Gill parlors in Grass Valley.

P. S. Waldron of the Plumbago mine was a recent Nevada City

Absolutely free under the money-back guarantee, if it doesn't give stomach comfort in 15 minutes, and soon help restore good digestion.

As considerate as a guest in your Home

When the man calls at your home to install a telephone, you can expect him to be intelligently alert to your wishes. He wants to comply with your ideas of convenience and location, and to give you the best arrangement possible for good telephone service. He has had wide experience and perhaps can help you decide on matters of location. And he can tell you about intercommunicating and buzzer systems, and the many new telephone conveniences that may have escaped your attention.

Telephone men who are authorized to answer your call for service bear cards of identification. These are to protect you against unauthorized callers.

The men who meet our customers as representatives of this company are gentlemen. They know the importance of leaving your woodwork unmarred, walls free from the touch of hands, and floor free from litter. You can rely on them to be thoughtful.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

WHEN

Your guiding hand is withdrawn from the family income—What then? Who wil have charge of your estate? Some well meaning but inexperienced individual? Or our highly competent, dependable Trust Department?
Our Trustee Service is available at a trifling cost. We will gladly discuss details with you.
